PROFESSIONAL EXPERIENCE

Google — Mountain View, CA
Student Ambassador — Aug 2026 - Present
- Drive Gemini adoption, measured by 500+ Syracuse students reached and tracked activations and sign-ups, by leading 5 campus workshops in partnership with 6 student organizations.
- Increase product awareness, measured by social media impressions and peer engagement, by creating targeted campaigns and live demonstrations around academic and productivity use cases.
- Refine future programming, measured by recurring student needs incorporated into campus plans, by analyzing workshop feedback and consolidating patterns into clear next-step recommendations.

Republic Capital Group — New York, NY
Investment Banking Summer Analyst — Summer 2025
- Expanded market coverage, measured by analysis of 12 publicly traded asset and wealth management firms, by evaluating AUM, revenue, financial performance, and competitive positioning in Excel.
- Equipped senior stakeholders with decision-ready insights, measured by 4 research and strategy decks, by synthesizing M&A, valuation, industry, and corporate-finance findings.
- Cut manual research and outreach time, measured by 8+ hours saved, by building a Python-enabled workflow for prospect monitoring and internal communications.

ITS Service Center — Syracuse, NY
Student Technology Consultant — Fall 2025 - Fall 2026
- Resolve service demand, measured by 25+ technical issues per week, by diagnosing hardware, software, authentication, account-access, and network problems.
- Maintain exceptional customer satisfaction, measured across 100+ monthly user interactions, by translating technical diagnoses into clear resolution steps for students, faculty, and staff.
- Improve incident continuity, measured by documented troubleshooting, resolutions, and escalation paths, by maintaining complete Jira and Confluence case records.

LEADERSHIP & CONSULTING EXPERIENCE

Project 315 — Syracuse, NY
Founder & President — Fall 2025 - Present
- Built Syracuse's largest fashion and photography media collective, growing Project 315 to 200+ members and 1,000+ Instagram followers in under one year and launching project315su.org.
- Increase programming reach, measured by 15 photoshoots and events averaging 55 attendees, by directing event operations, creative production, and campus collaborations.
- Control organizational resources, measured by a $25,000 annual budget and 10+ member executive board, by setting spending priorities, assigning functional ownership, and allocating funds across organizational needs.

SCOT Program (Student Consulting on Teaching) — Syracuse, NY
Student Consultant, Feedback Analysis & Strategy — Spring 2026 - Present
- Capture actionable student insight, measured by feedback from 10-20 students per session across 2 faculty-led courses, by facilitating structured discussions and classroom observations.
- Diagnose instructional challenges, measured by comprehensive faculty reports identifying recurring engagement and teaching themes, by synthesizing qualitative feedback into evidence-based findings.
- Drive in-semester teaching changes, measured by revised strategies implemented during the remainder of both courses, by presenting prioritized recommendations directly to faculty.

Fordham University STEP Program — New York, NY
Tutor Counselor, Student Success & Operations — Jun 2026 - Aug 2026
- Supported academic development, measured by 60 high school students served across 3 courses, by teaching, mentoring participants, and coordinating daily academic programming.
- Led experiential learning, measured by site-based programming at the African Burial Ground National Monument, by coordinating and guiding an off-campus educational visit for students.
- Built student research and presentation skills, measured by research and presentations on the erasure of Black history, by coaching evidence gathering, synthesis, and presentation development.
